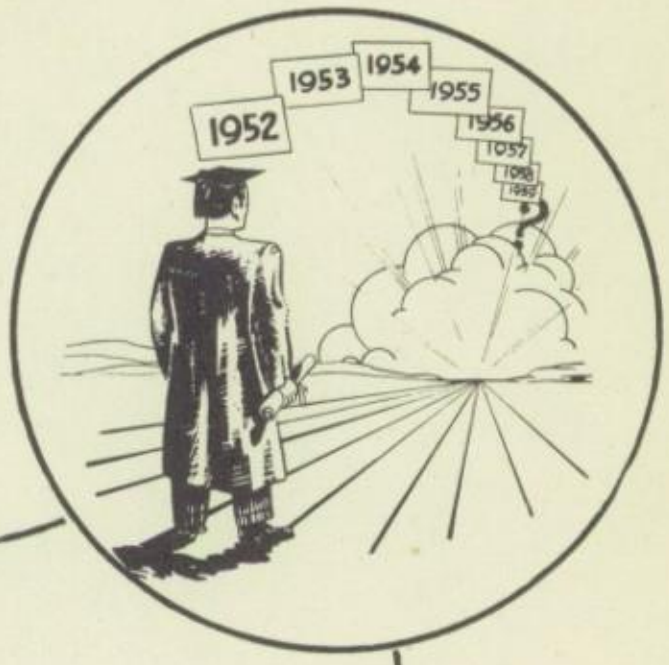
Foreword



We, the Senior Class of 1952, present this book of memories to the student body of Ira High School in anticipation that it will be a source of reminders of pleasant memories in the years to come. We hope that it will present our school as you will always want to remember it.

Dedication

We, the members of the senior class, gratefully dedicate the 1952 "Bulldog" to Mr. Dawson, an understanding friend to all—pupil, teacher, parent. On our campus he has constantly encouraged honor, a fine school spirit, and scholastic attainment. Without his untiring efforts and helpful forethought, the successful publication of this annual would have been impossible.

Senior Class Prophecy

By
BETTY PLUMLEE

Many years had passed since I had graduated from Ira High School. On one of my trips over the country, I stopped in a small town in the State of Colorado and who was I to see but BILLY KIMMEL and his beautiful wife with eight children. He told me that SCRUBBY VINSON was in Washington, D.C. serving as a representative in Congress. That sounded like a wonderful job for him. So, I decided I would make a trip up to see him, and while I was in Grand Central Station waiting for my train, who do you think stepped off the train? I thought my eyes were deceiving me when I saw the reception GLENNA NEWTON received. There were Carl Smith, Linnon Burney, Buck Layne, Billy Glass and Eldon Floyd to show her New York. When the train finally arrived, I got on and who was to be sitting on the front seat, bragging about all of his interests in the railroads in the State of Ohio, but DOYLE EADES. He told me about everyone that had been riding his trains that had been in our class. He said that EDITH TAYLOR was in Hollywood making pictures with Hopalong Cassidy. I had always wanted to go to Hollywood so I thought this would be a good time to go and visit Edith. As I started to leave the Dude Ranch that MARSHALL STERLING owned, I ran into JIMMY LAYNE who had been breaking horses for the last several years. He said that BOB NEWTON was married and had a dozen dirty children (six sets of twins), and was making his home in Florida. On my way home, I stopped in Phoenix, Arizona to buy some souvenirs and who was managing the Citrus Fruit farm but WANDA and WELDON FORD. They said that they were lviing in a tent with seven children. I spent the afternoon with them and then started back home to El Paso to continue my job as a fortune teller.
